

Core Values

At CORNERSTONE we value...

Visible Evangelism - We believe that the church exists to bring people into a relationship with Jesus by building bridges into the community, providing transformational teaching, activities, and services that start them on a journey of discipleship.

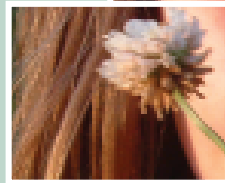

Authentic Worship - Our worship must be authentic, reverent, excellent, and attractive to members and non-members alike.

Loving Relationships - Loving relationships should permeate every aspect of church and community life. We seek to treat others with the same amount of grace, hospitality, self-sacrifice, and concern that God has shown toward us.

Unceasing Prayer - Every aspect of church and individual life must be bathed in prayer, in order to fully discern and follow God's will. We desire to see every member comfortable communicating with God in any situation.

Effective Children's Ministries - Because children are spiritual beings capable of a relationship with Jesus, we deliberately design activities to help them develop their relationship with Him and incorporate them into the life of the church. We also seek to strengthen their families by equipping and supporting their parents.

Systematic Discipleship - We unconditionally accept others at every point in their spiritual journey and encourage them to move into a committed relationship with Jesus. Using the Bible as our guide for doctrine and practice, we seek to align every aspect of our lives and resources completely with God's will.

“**M**ake my joy complete by being like-minded, having the same love, being one in spirit and purpose..”

- Phillipians 2:2
